Saturday, February 24, 10:00 am to 2:00 pm

Decorah High School Gyms

Registration is taken at the event. \$5 per participant. Observers are free.

7 Different Inflatables – Family Fun for Everyone!

This event sponsored by

Participants can bounce, climb, slide, and run through these seven oversized inflatables during this fun open house.

Jurassic Survivor

It's two challenging obstacle courses each stretched to 80' in length, filled with rock climbs, tunnels, squeeze walls, a double 16' slide and topped off with a life size Tyrannosaurus Rex.

Screamer Slide

It's fast and at 22', pitched at 40 degrees with twin slides, it gives twice the capacity, twice the fun and twice the thrills of other slides in its class.

Wrecking Ball

Four people mount the inflated platforms. Using balance and strength, try to stay upright while you dodge and push a huge foam filled wrecking ball. Grab the ball and you are in control. Once you let it go, be on your guard.

Lil' Builders Toddler Zone

Offers a climb, slide and construction obstacles to navigate through. Bob the Builder would love this game!

Outback Bouncer 3-in-1

Navigate into the rear climbing area, work your way to the top, and escape down the slide and back into the bounce house.

Volcano Adventureland

Use the rope to help scale the 10-foot volcano wall. At the top, escape the lava flow by jetting down one of the two 10' slides. At the bottom, battle one of five inflatable dinosaurs and bounce back to modern times.

Homerun Derby

The baseball floats on a column of air tempting you to take your best swing. You have one swing to connect - miss it and you chalk up an out. Hit it and bang the ball into one of the single, double, triple or homerun pockets on the backdrop.
